O Garoto Vivo Sul é um projeto da Regional Sul realizado com o apoio do Instituto Vivo. É uma iniciativa que conectou colaboradores e parceiros em prol de uma rede social, alinhada à essência da Vivo, para beneficiar jovens carentes da Assistência Social Santa Isabel. São 25 parceiros, e cada um contribui como pode e com aquilo que mais gosta de fazer. Nos próximos dois anos serão beneficiados 200 adolescentes de Viamão por meio de um curso de capacitação que vai prepará-los para a vida e para o mercado de trabalho. E você também pode participar dessa rede social.

Nós acreditamos que na sociedade em rede o indivíduo vive melhor e pode mais.

Fundação Bradesco

Earlier this year, Accademia requested Fundação Bradesco to bring its CID programs to Santa Isabel. Bradesco Foundation, through its CID programming, provides e-learning materials to young people, enabling them to master information technology and develop communication projects that help their own communities.

CEASI, the centre for alternative education constructed by Accademia in 2007, became the 108th CID centre in Brazil.

The inauguration took place on 18th April 2009 at CEASI.
